PROFILE

Aspiring software developer with a strong foundation in programming and problem-solving, seeking to leverage technical expertise and innovative thinking to design and develop impactful software solutions. Committed to continuous learning and contributing to the success of forward-thinking organizations.

EDUCATION

B.E. Computer Science and Engineering

Parisutham Institute Of Technology and Science (Anna University) 🔗

CGPA : 8.4 (First 6 Semesters)

2021 – 2025

Thanjavur, India

PROJECTS

Youtube Clone 🔗

Technologies: HTML5, CSS3

- Developed a responsive YouTube clone with video grid layout, search functionality, and navigation.
- Used Grid and Flexbox to design interactive components like video cards and notifications.
- Recreated YouTube's core UI features, including header, sidebar, and video previews with channel info.

E-commerce Website 🔗

Technologies: HTML5, CSS3, JavaScript

- Engineered a responsive Amazon clone with e-commerce features, including shopping cart functionality.
- Developed unit tests using the **Jasmine** framework to ensure code reliability and maintainability.
- Implemented a **mobile-responsive design** with modular architecture, dynamic product rendering, and an interactive cart system.

Stack Overflow Platform

Technologies: React, Redux, JavaScript, HTML, CSS, Node.js, Express, MongoDB

- Developed a Stack Overflow clone with user authentication, question posting, and commenting features.
- Utilized **React** and **Redux** for dynamic, state-driven UI components and efficient data management.
- Built **RESTful APIs** with **Node.js**, connecting to **MongoDB** for storing , managing user and question data.

PROFESSIONAL EXPERIENCE

Internship at NullClass (Remote)

Duration:[2 months]

Software Developer Intern

- Contributed to project development using **React**, **Redux**, and modern web technologies.
- Collaborated with the team to implement new features, optimize performance, and address bugs.
- Gained hands-on experience in **full-stack development** and enhanced problem-solving skills through practical tasks.

Intern at Agrownet(Remote)

Duration: [2 months]

Intermediate Web Developer

- Developed and maintained web applications using **JavaScript**, **HTML**, and **CSS** to enhance user experience.
- Collaborated with the team to implement new features and optimize platform performance.
- Contributed to front-end development, focusing on responsive design for device compatibility.

SKILLS

Technical Skills: React,JavaScript,Python,C,Redux,HTML,CSS,Bootstrap,MongoDB,SQL,Git/GitHub

Tools/Software: VS Code,MySQL

CERTIFICATIONS

NPTEL : ETHICAL HACKING - ELITE CERTIFICATE

MSME HACKATHON : Selected for Second Round (IOT Based Vehicle Emission and Fuel Monitoring System)

FRONT END DEVELOPMENT: MINDZCUBE (3 Months)
